Message from the Gardener

When my journey to healthy hair care began in 1991, I had no idea where it would lead me. I wanted to be more than someone who provided great styles. I wanted to make sure my clients possessed healthy *natural* hair. As the owner of Into Hair Naturally Beauty Salon, I committed myself to educating my clients on the importance of natural hair maintenance. As a provider of natural hair care and styling, early on I found it difficult to find products that met the needs of natural hair and in 1998, Blessings of Hair was born.

It is my mission to restore natural beauty from the inside, out by providing quality products that offer great control without weighing hair down or leaving an oily residue. Blessings of Hair product line enhances the mind of natural hair care regardless of whether or not it is kinky, coiled, curly, wavy, or straight.

Recognize and appreciate your natural beauty.

Peace, love, courage, and blessings to you all.

Special Thanks

As we embark on this glorious journey, I must give thanks to God who has empowered this creation. To my parents for inspiring me and encouraging me to keep the faith, thank you. To my daughters and my siblings, thank you for your support and your patience with me. Throughout my career, I have been fortunate to be surrounded by mentors, advisors, counselors, associates and dear friends as well as professionals in the community. You will not be forgotten and I will always be thankful.

Finally, to my clients who trust in my vision enough to be my canvas and allow me to create, *THANK YOU!*

-Resa

First came...

Walnut Cream Pomade

Formulated with a natural herb walnut oil to add shine and moisture to hair without causing build-up. For all hair types and styles including twists, locs, braids, cornrows, and afros
